WEDDING BROCHURE 2024

First and foremost, please allow us to congratulate You!

Not only because you found the one you will spend the rest of your life with, but because you found one of the most unique wedding venues in Hungary.

Budapest is one of the few split by the Danube, which is why it has such a special vibe that only a handful of land-based venues may provide.

The ceremony and dining on its own is a wonderful experience whilst „sailing” on the Danube, but we also take care of every little details so you can focus on yourselves and your loved ones on your Big Day! The dishes prepared by our amazing chefs are guaranteed to impress everyone. Only a few people can say that their first dance took place ON the River Danube, and that in the background they had the Hungarian Parliament or the Széchenyi Chainbridge's breathtaking view.

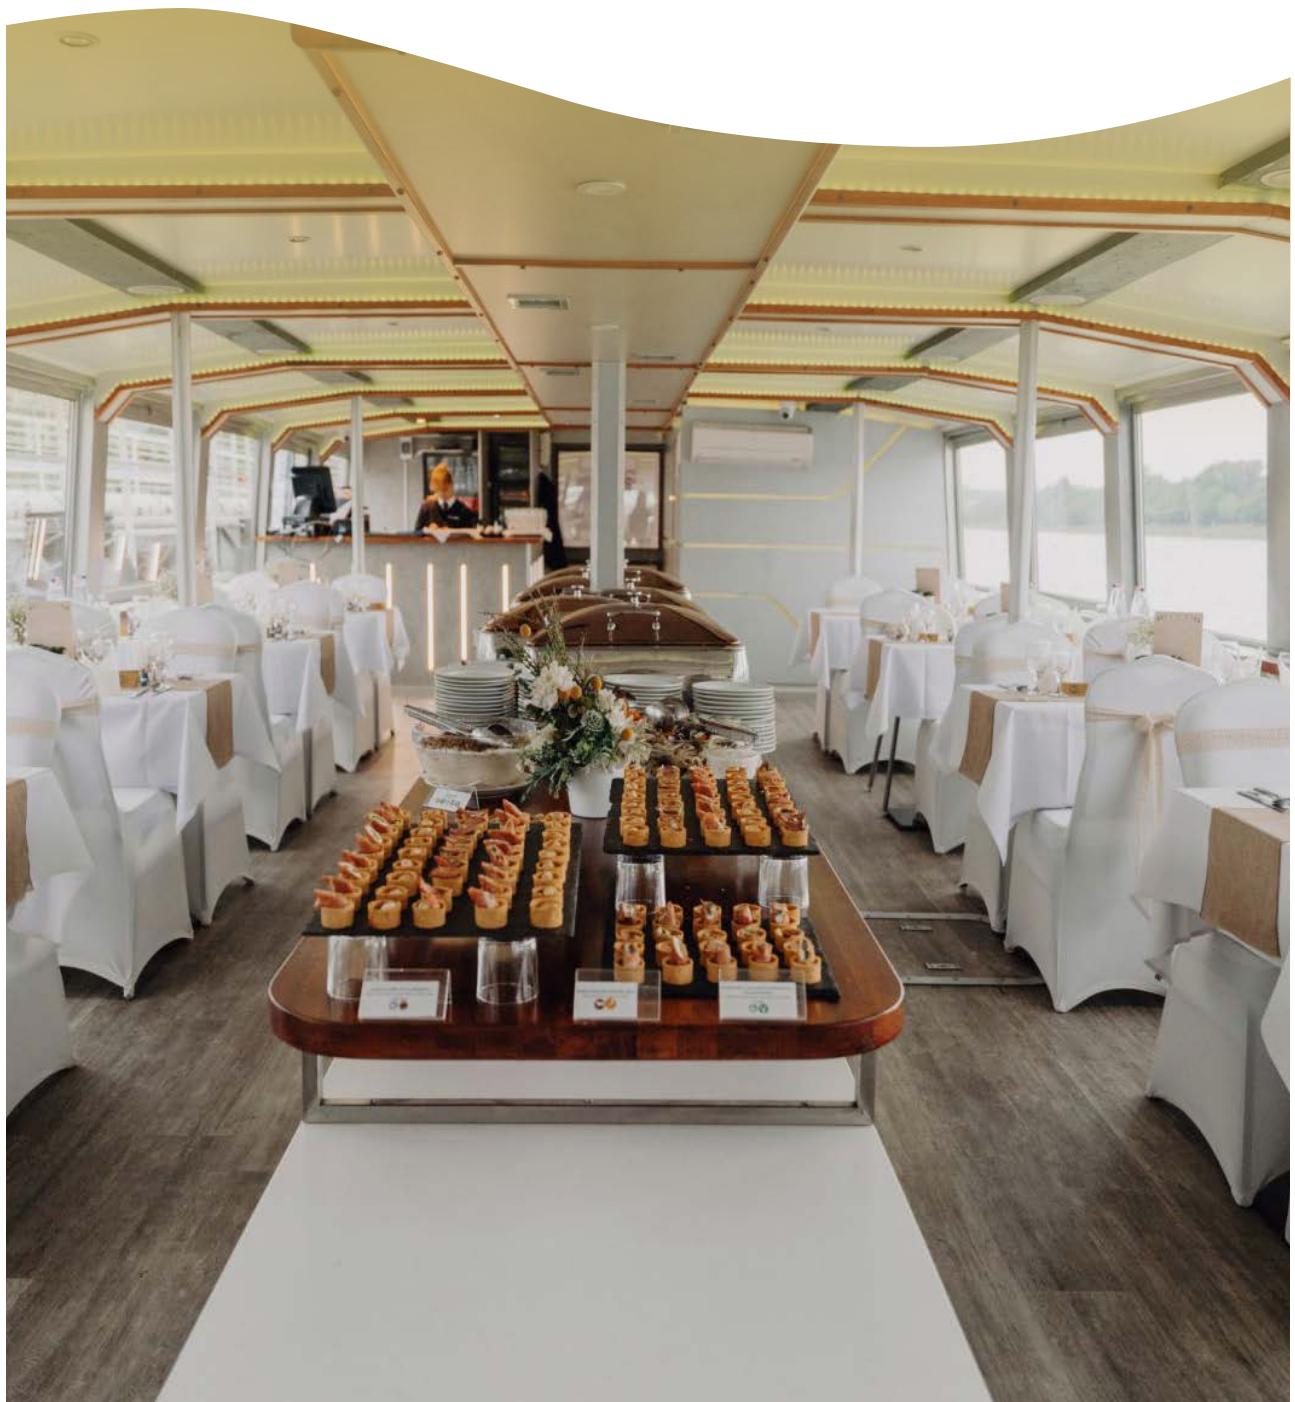

Our team has organised more than a thousand weddings over the past decades. The experience gained over those years are a guarantee that your Big Day will be „smooth sailing”! Excuse the pun.

OUR BOATS

Our wedding experts will assist you with choosing the right location. We highly recommend the Attila or Millenium II boats.

Whichever wedding venue you choose, rest assured that the whole crew will do their absolute best to make sure that all is in order.

MILLENNIUM II. BOAT

With its modern and neat interior, in-built buffet station and fully-equipped bar - it is a great venue option. Due to its recently refurbished engine, the Millennium II. boat is one of the fastest, most eco-friendly vessels on the Danube in Hungary.

Max. recommended capacity: **60 guests**

ATTILA BOAT

Just like good wine, this beautiful vessel has aged gracefully, whilst preserving the elegance of „old times” mixing with a clean and modern touch. The open deck in the front of the boat gives you the best little space for group photos with a panoramic view as well as the spot to say your „I do”-s.

Max. recommended capacity: **45 guests**
