WEDDING BROCHURE 2026

First and foremost please accept our warmest congratulations!

Not only have you found the person to spend the rest of your life with but also one of the most unique wedding venues of the country.

Budapest is one of the few European capitals split by river Danube, which had given us the opportunity to become a venue unlike any other land-based location. Tying the knot and spending your dinner whilst cruising on the Danube is a great experience on its own, and to top it off we take care of all the details in order for you to indulge the love and joy surrounding you on your Big Day.

OUR BOATS

Our wedding experts will assist you with choosing the right location. We highly recommend the Attila or Millenium II boats.

Whichever wedding venue you choose, rest assured that the whole crew will do their absolute best to make sure that all is in order.

Location: Dráva street pier

MILLENNIUM II. BOAT

In 2016 the boat underwent its modern interior with special lighting and a built-in buffet. It is a great venue for your wedding. Thanks to its refurbished engine, it is not only fast, but also one of the most environmentally friendly boats on the Danube.

We recommend the lower deck Salon for dinner and the Top Deck for the ceremony/party. Explore our ships online – discover every detail of the deck through our immersive videos.

ATTILA BOAT

This centenarian boat is a mixture of old elegance and modern vibes, it was fully refurbished and had a facelift in 2013. The indoor salon is the perfect venue for your dinner and party and you can enjoy the view from the open deck in the front. If the weather allows the ceremony may be held on the open deck as well as in the salon.
